UAMS
AREA HEALTH EDUCATION CENTERS
UNIVERSITY OF ARKANSAS FOR MEDICAL SCIENCES

UAMS AHEC AREA HEALTH EDUCATION CENTERS

The AHEC program exists primarily to de-centralize health professions education in Arkansas. With UAMS in Little Rock being the only medical school in the state, the AHECs serve as satellite campuses that provide clinical services, education & training, and community outreach programs to the many rural areas of Arkansas.

UAMS AHEC HEALTH CAREERS RECRUITMENT

Our mission is to address the growing shortage of healthcare professionals in rural Arkansas with fun and innovative programs. We hope to inform students in primary grades through college about the exciting and rewarding healthcare careers that exist in the Natural State. For information about what we do, see the inside of this brochure.

Name: _____

Street Address: _____

City/State/Zip: _____

Telephone: _____

E-Mail: _____

School: _____

Grade Level: _____

Gender: M / F Race: _____

Date of Birth: _____

Other Notes: _____

DID YOU KNOW?

7 of the 20 fastest growing occupations today are healthcare related.

The healthcare industry will generate 3 million new wage and salary jobs between 2006 and 2016, more than any other industry.

A worker with a four-year college degree earns on average 60% more money over his or her working life than those with just a high school diploma.

There are hundreds of different careers in healthcare. Some only require a few months of post-high school education, some require 10 years or more. **Contact your recruiter today to find the perfect one for you!**

UAMS AHEC HEALTH CAREERS RECRUITMENT

Below are some of the services we provide in our efforts to connect students with **personally fulfilling, financially rewarding, and geographically mobile careers** in healthcare.

Health Career Presentations

Given onsite by our recruiters, these presentations can be requested for groups, clubs, or school classes (Chemistry, Biology, etc). Length and subject matter can be tailored to your needs.

Day in the Life Programs

These are one-day events that typically focus on one of a variety of careers, such as nursing, radiology, etc. They are given periodically throughout the year and have both lecture content as well as hands-on activities.

Collegiate Advising

Many of our recruiters work with college and pre-med students to provide tours of the UAMS campus, practice MCAT exams, volunteer service opportunities, course advising, mock interviews, etc. Contact your recruiter for more info.

MASH and CHAMPS Programs

These are summer enrichment programs for junior and senior high school students. Ranging from 1 to 2 weeks, students are given opportunities to learn about a number of health-related careers, shadow health professionals, and receive hands-on training that enhances their experience in the healthcare field.

ArkansasHealthCareers.com

Our website contains inspiring videos, informative articles, and interactive applications, all designed to help students find the perfect career in healthcare for them.
